Accepted invitation to serve on Board of excellent youth musical theatre organization as music & music business expert. Only agnostic on the Board! Helped manage/land financial crisis.

Assistant Soccer Coach – Littleton United Soccer Club (2013-2014)

Served as Assistant Coach on United Red girls competitive soccer team, reducing my volunteer workload in busy time by assistant coaching my oldest instead of head coaching my youngest.

Reunion Committee Member – Stanford University (2011-2012)

Accepted invitation to serve as Class Reunion Committee Member. We focused messaging on diversity of attendance, emphasizing that Reunion was to share struggles as well as successes.

**Head Soccer Coach – Real Colorado Soccer Club (2008-2013)**

Taught girls to play "one step ahead" with purpose. Lost only 1 game in 5 years. Built team-first excellence & skills that ultimately lead most of the girls to make teams in CO's top P1 division.

Reunion Committee Chair – Los Altos High School (2007-2008)

Reunion Committee Chair of Los Altos High School Class Reunion. Built events & messaging around our shared new stage of life with classmates building lives around families & careers.

Assistant Soccer Coach – Real Colorado Soccer Club (2007-2010)

Assistant Coach to Steve Boston on *The Princesses*. That's right, *The Princesses*. Eventually the name changed. But not until Steve & I had taken several team photos in dope pink shirts.

Charity Shows & Recordings – Doctor Noize Inc. (2006-present)

Perform charity shows & recordings. Give proceeds to select causes I believe in. 2020's entire Dr. Noize album "Homemade" is dedicated to kids' needs in a pandemic & environmentalism.

Full Time Father – Cullinan Home (2003-2006)

Retired from high school teaching to raise two daughters in their pivotal early years & allow my wife to focus on career. Our journeys together inspired the first two Dr. Noize albums & books.

Reunion Committee Chair – Los Altos High School (1997-1998)

Reunion Committee Chair of Los Altos High School Class Reunion. Remembered for hilarious nostalgia questionnaire reminiscent of The ASB Page sent to all & posted on the Reunion walls.

ASB President – Los Altos High School (1987-1988)

Leader of events & daily Student Government meetings in designated class period. Frequent event speaker, spirit leader & bridge between nerds, jocks, band geeks, partiers & all between.

The ASB Page – Los Altos High School (1986-88 Weekly Newsletter)

Weekly humorous school news & events page I wrote, produced, printed & distributed in the hallways to keep the student body aware of events and inspired with school spirit.

ASB Activities Director – Los Altos High School (1986-1987)

Elected Student Body Officer. Director of events, school spirit activities & promotion of events. Always inclusive & positive.

Developing curricula to launch and teach at Denver's Regis University. Courses launch in the 2021-2 school year.

Recording Arts – Stanford University

Teach Recording Arts at Stanford's world-renowned Center for Computer Research in Music & Acoustics (CCRMA) in summer workshops where I once roamed the hallways as a student.

Audio Production I – University of Colorado Denver

Teach 1st course in the university's Recording Arts sequence to undergraduate Recording Arts Majors & enthusiasts. Everything from Pro Tools to mic placement/selection to production.

Audio Production II – University of Colorado Denver

Hired to assist Professor Sam McGuire teaching 2nd course in our sequence. Not a standard assistant job; I had entire weeks where I was the sole teacher while Sam completed his book.

Audio Production I Lab – University of Colorado Denver

I've taught multiple sections of this course teaching students the basics of Pro Tools, the industry-standard DAW. My FCQs (student evaluations) were 4.75/5. 4.73/5 & 4.43/5.

Pinewood Arts, Communication & Technology Curriculum – Pinewood School

As Pinewood's ACT Department Head, I was in charge of overseeing our entire curriculum & how the pieces fit together. It's not unlike producing an album or a show.

Students Writing And Recording Music (SWARM) – Pinewood School

My 1st Recording Arts course. Developed before I knew there was such a thing as a college Recording Arts major! Taught both songwriting & Pro Tools production. Built school studio.

Advanced SWARM: Advanced Composition & Recording – Pinewood School

Advanced composing & producing of original music in the Pinewood Studio + music business. Several students in this course went on to work in studios and release their own albums.

Western Music History: Too Many Notes – Pinewood School

This course informed everything I've done since. The secret to student engagement was that all students will explore challenging musical puzzles when moved by *people, story & purpose*.

Humanities: Introduction To Western Music History – Pinewood School

This required Freshman course was a collaboration with Drama & Art teachers after the Music History elective became too popular to be an elective. Music History became a follow-up.

Pinewood Singers: Mixed Choir – Pinewood School

Launched still-thriving Pinewood vocal program. Went from a ragtag group who could hardly sing the first year to the winners of Disneyland's Best Overall Choir at multi-state competition.

The Divas: Girls Choir – Pinewood School

Intro ensemble for girls who were not quite ready for the select Pinewood Singers. Focused on fun & entertaining popular music instead of the advanced repertoire of the Pinewood Singers.

Music Fundamentals: Why Music Rocks – Pinewood School

Interactive music theory & fundamentals course taught with traditional & software methods. First course I taught in a computer lab setting with students at their own computer stations.

English – Pinewood School

I taught Middle School English 1 semester at Pinewood (where I taught high school Music) when they were suddenly short a teacher. They asked if anyone would do it & I said yes. Fun.

Grammaropolis – Grammaropolis LLC

I'm the music education specialist, composer & lyricist for the entire series of Grammaropolis albums, videos, apps & website subscription that's impacted millions of students worldwide.

Doctor Noize Learning Curriculums – Doctor Noize Inc.

I've overseen & created the entire Dr. Noize Learning Adventure series using the Dr. Noize albums & books to teach instruments, character, words, orchestration, music history & more.

Genius Workshop: Create A Hit Song With Doctor Noize! – Doctor Noize Inc.

Innovative teaching workshops for the young touring nationwide with Dr. Noize's Mobile Studio. I write & record a song with my young audience in 90 minutes, then post it online.

Genius Workshop: From Beethoven To Bieber: How To Listen – Doctor Noize Inc.

I teach students to hear Sonata Form through Beethoven's 5th, Contemporary Popular Song Structure through a modern hit... & they discover the latter is based on the former. Wowza.

Genius Workshop: Learning Adventure Workshops – Doctor Noize Inc.

Workshops based on any combination of the Doctor Noize Learning Curriculums, music fundamentals, the instruments, orchestration, grammar and more.

**Genius Workshop: Client Requested – Doctor Noize Inc.**

Targeted subject workshops on music, lyrics & purpose as requested by clients & schools. Partner organizations team with Doctor Noize so he can help them meet educational goals.

Recording Arts – Reach Studios

I teach individual clients in my 5-room production studio. Personally tailored – Logic, Ableton Live, Pro Tools, Sibelius, production, etc. Sometimes done as part of their album production.

Songwriting, Composing, Arranging & Orchestrating – Reach Studios

I teach the art of writing & orchestrating music to individual clients at Reach, utilizing my decades of professional work to give them a firm grasp of the crafts.

Voice – Reach Studios

I teach occasional vocal performance & voice lessons to students at Reach when asked. A throwback to my high school choir director days.

Music Business & Marketing – Reach Studios

Some production & teaching clients want to learn business & marketing. I teach them how the music business works, to develop websites & marketing, sales & fundraising techniques, etc.

Keynote Address: Demystifying Excellence – Pictoria Creations

How the death of my computer-genius teen brother to cancer & my Silicon Valley Mayor father to suicide in a single year in my teens became an unexpected galvanizing inspiration to reach.

Keynote Address: Sophistication Matters – Pictoria Creations

Interactive discussion how in modern America, with disposable media & distractions, pursuing sophistication over simplicity builds your soul & creates successful attention span & fulfillment.

Keynote Address: Client Requested – Pictoria Creations

Individually-tailored speaking or moderating. I've given them for Renaissance Weekend, Stephen Sano and the Stanford Chamber Chorale, Music Teachers Associations & more.

Soccer Coaching: "One Step Ahead" Coaching Curriculum – Pictoria Creations

Studied under legendary CA State Basketball Champ Coach Doc Scheppler. Built soccer curriculum & philosophy on his teachings. Lead to tremendous success & measurable results.

Pros/Cons Of This C.V. _____

Pros: Shorter than *War & Peace*, which incidentally I have read.

Cons: Longer than the Beatles' *A Day In The Life*, which incidentally I have heard.

Thank you & have a nice day.
